About In-House Community™ - built and hosted by Pacific Business Press

Empowering In-House Counsel since 1998

The mission of the In-House Community is to strengthen legal and ethical compliance for the benefit of all. In-House Community is a mutually supportive community of In-House Counsel helping In-House Counsel and Compliance Professionals meet their ethical, legal and business commitments and responsibilities within their organisations.

The In-House Community is comprised of over 20,000 individual in-house lawyers and those with a responsibility for legal and compliance issues within an organisation in the Asia-Pacific and the UAE, who we reach through the annual *In-House Congress* circuit of events, *Asian-mena Counsel* magazine and the In-House Community website and online forum (www.inhousecommunity.com).

Our mission is to empower in-house counsel to more easily fulfill their ethical, legal, compliance and business responsibilities and improve legal and ethical compliance for the benefit of all. We do this by providing a variety of platforms for professional discourse, the building of supporting relationships and the sharing of knowledge for the benefit of anyone fulfilling an in-house legal or compliance function.
