

# PUPILLAGE FAIR

## Pupillage Fair 2016

Saturday 22 October 2016

The Bar Council is committed to **improving access to the Bar**. We want to attract and retain the most **talented individuals** to safeguard our reputation for excellence. One of the ways we seek to do this is by providing students at every stage with the **information, experience, advice** and **guidance** that they need to reach an informed decision about a career at the Bar and to make the very most of their individual abilities and talents in the application process.

The Pupillage Fair is part of our suite of existing student advisory and support services, which are designed to support decision making at the academic, vocational and professional stages of a barrister's training.

## Venue

This year the Pupillage Fair is being held at The University of Law to provide a greater opportunity to have all exhibitors in one place while also allowing delegates space to network and relax in between sessions and visiting chambers' stands.

# PUPILLAGE FAIR

## Exhibition opportunities

Last year's rates were set lower than alternative pupillage fairs. This year we have listened again to feedback and consulted with Specialist Bar Associations wanting to be involved. The result is one price for all exhibitors at a price that we hope allows the opportunity for everyone wanting to attend, to do so.

### Exhibition cost: £600 plus VAT

Each exhibition stand includes:

- One exhibitor table
- Opportunity to display pull up banners behind your table
- Three exhibitor places, and
- Complimentary refreshments for three exhibitors.

If you would like to book refreshments for more than three exhibitors, there will be an additional charge. To apply for one of these stands, please include this on your booking form.

### Pro Bono Exhibition opportunities

There will also be the opportunity for a fixed number of sets to exhibit at this year's Fair at no cost. Please contact the Bar Council for further information:
